

# God Dethroned, Slaughtering The Faithful

Driving the masses  
In narrow passages  
Gassing them all into sleep

Waiting in line  
Till a shock ends your life  
Who is the beast in here

No daylight  
Only on the day you die  
Life imprisonment  
Slaughtering the faithful

No daylight  
Only on the day you die  
Life imprisonment  
Slaughtering the faithful

First a meaningless life  
Then a meaningless death

A life of stress  
Comes to a useless end

[Repeat all verses]

Out of the womb  
Now meet your doom  
Dayling you'll never see  
Only on the day you die
