

# God Dethroned, Subliminal

Eyes watch you from a step away  
A wide grin as I manipulate

In the dark of awareness  
The arena of the blind  
The hell you see is nearer than you think

I feed you new filth today  
Open wide as I manipulate

In the dark of awareness  
The arena of the blind  
The hell you see is nearer than you think

As I wreck the dreams and hopes of countless eyes  
And feed my filth to millions  
Focussed on the addiction of wide screen lies  
Fixed on the messages unseen

Unseen - Evolved - Machine - Subliminal

Unseen - Evolved - Machine - Subliminal

Now I've caught your attention  
Fix your gaze on the information maze  
Filter out my hidden agenda

As I wreck the dreams and hopes of countless eyes  
And feed my filth to millions

Focussed on the addiction of wide screen lies  
Fixed on the messages unseen

As I wreck the dreams and hopes of countless eyes  
And feed my filth to millions  
The world consumes in synchrony  
Willing virus for my chaos remedy
