God Dethroned, Subliminal

Eyes watch you from a step away A wide grin as I manipulate

In the dark of awareness The arena of the blind The hell you see is nearer than you think

I feed you new filth today Open wide as I manipulate

In the dark of awareness The arena of the blind The hell you see is nearer than you think

As I wreck the dreams and hopes of countless eyes And feed my filth to millions Focussed on the addiction of wide screen lies Fixed on the messages unseen

Unseen - Evolved - Machine - Subliminal

Unseen - Evolved - Machine - Subliminal

Now I've caught your attention Fix your gaze on the information maze Filter out my hidden agenda

As I wreck the dreams and hopes of countless eyes And feed my filth to millions

Focussed on the addiction of wide screen lies Fixed on the messages unseen

As I wreck the dreams and hopes of countless eyes And feed my filth to millions The world consumes in synchrony Willing virus for my chaos remedy
