

God Lives Underwater, Someone Else

I try, I try.
But nothing happens.
Still wanna stay my mind.
I try, I try.
Won't someone change this pantomime?
I know what you showed me.
And then I showed myself.
That's what made you leave me.
I became someone else.
Yeah!
I try, I try.
Won't something happen.
Still wanna clear my mind.
I try, I try.
Won't something change this pantomime?
I know what you showed me.
And then I showed myself.
That's what made you leave me.
I became someone else.
Yeah!
