

# God Module, False Pretense

Sing along with the shadows  
Sing a song to bring about the end  
Of your resistance  
To the simple fact that you're dead  
What did you have to believe in?  
What can you say that hasn't already been said  
What makes you any different than me  
Other than the bullet inside of your head?

All your life was hit or miss  
Living under the false pretense  
That you were so special  
That you were someone  
You are no one just like me  
Now you know what's after this  
Beyond your grave another false pretense  
That you go to hell, or you go to heaven  
You're going nowhere just like me

Sing alone with insanity  
A rousing chorus of your defeat  
Your actions unrealistic  
Transform into another statistic  
Did you think that it would change anything  
This piece of metal inside of your brain  
Did you really think you had to die  
To learn that things are the  
same on the other side?
