

God's Bow, Curse The Night

My breath so cold
Curses the night
Wings so heavy
I can't breathe
Sky turns off the light
Stokes my weakness
Cuts me down
I'll never touch the ground
With you
Darkness wins I lost my way
My weakness cuts me down
I'm falling I can't breathe...
You're everything I wanted
You're everything I wanted
Your eyes are getting colder
You're everything I wanted
so bad...
