

Godfathers, Another You

Ohhhh...

I'll go to church and say a prayer
I'm not the first you've known
but I don't care
You won't believe me but
you know it's true
that I could never find another you

(guitar solo)

It's growing dark I will survive
the dream I dream of you
Keeps me alive
You won't believe me but
you know it's true
that I could never find another you

You won't believe me but
you know it's true
that I could never find another you
I could never find another you.
