

# Godgory, Inside My Head

Welcome to a trip with me  
Inside my brain to insanity  
A guided journey to misery  
You listen to what I say  
I don't know you, you know my name  
We sit and talk and you're gettin paid  
I can't explain how I feel  
When everyone is judging me

I hope you find the reasons why  
I'm sittin' here and almost cry  
It cuts so deep inside of me  
But at the same time I feel complete  
Is life a mission or is it a gift  
I can't think more see you next week  
What would you think if I told you the truth  
In this world we are born to loose

The thoughts I have is makin me  
So afraid for reality  
I'm sittin' here in the chair again  
Speakin emotions direct from my brain  
I can't tell this to anyone  
Just the ones there trust is found  
Maybe you think I'll be better of dead  
But I just wanna know who I am
