

# Goin' Places, I Got The Boyfriend Line Again

Seems like it happens everyday  
minding my own business when  
some girl starts a conversation

"She must be into me"  
Things are going great until  
I hear that same damn line again

oh, a whoa oh, a whoa oh  
I got the boyfriend line again

One thing they gotta know  
friendship isn't something that I want  
Oh-no

Cause it's been far to long  
since I found a girl who I could hold and love  
till the end of time  
I don't wanna hear that line
