

Golden Earring, Back Home

From the Albums:

- * Golden Earring
- * 2nd Live
- * The Complete Naked Truth

Goin' back right through the cities
Through the country, rivers so pretty
People wonder why I'm going back home
Just the place where I belong
Back home
Well I'm a round the world rambler
Just a fortune gambler
It's always good to be back home
Round and round, the world goes round
Got my friends in every town
From border to border, every place I've been
but I've gotta be back
if you know what I mean
Back home, back home, back home
Well I'm a round the world rambler
Just a fortune gambler
It's always good to be back home
