- * Last blast of the century

I could bet on new years eve he'd call me up at night
From the other side of the world Ed was always there alright
Ed's got the looks of a moviestar Eds got the smile of a prince
He ride a bike instead of a car I wanna be his friend
Dancing in the living room with a lady so nice
Like the child with the wisdom tooth He's just a friend of mine
Ed's got the rings and the collars Ed's got the wind in his hair
He goes a riding with the brothers he's got a fist in the air
Going to the run, run angel
Going to the run, run angel
And heaven and hell came together that night
Only for you that time
Going to the run forever angel
One summer at the festival holding on real tight
On the back of a harley he took me for a ride in the sky
Ed's got the looks of a moviestar Ed's got the smile of a prince
He ride a bike instead of a car I'll always be his friend
Going to the run, run angel
Going to the run, run angel
There's rich star that shines so bright
Like a fire in the night
Going to the run forever angel
Going to the run, run angel
Forever going to the run, run angel
And heaven and hell came together that night
Only for you this time
Going to the run forever angel
