Your not my bro

Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro

You think your my friend
But you just take from me
So now its the end
Don't fucking smile
Just get the fuck away from me

Bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro

You use your fake friends
Use them and throw them away
So now its the end
Dont fucking smile
Just get the fuck away from me
Get the fuck away.

Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro

Now you have forsaken
All that I have known
Now you've really taken me
For everything I own
When I want it back
I doubt youll ever see
It's you that has to pay the price
And me who is set free

Your not my bro
Your not my bro

Your not my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend that your my bro
Don't say it dont you pretend
