

Goldfinger, Dad

Dad I hate to tell ya
Sometimes i wanna slap you in the face
But dad i gotta tell you
If you were gone I'd miss you from this place

chorus
dont go away again
i just wanna be your friend and if i dont
say this now im gonna be sorry
i dont wanna make the same mistake again

Dad i need to tell you
sometimes i i want to walk right out the door
Dad im gonna tell you
im glad we dont argue like before

chorus

Dad i need to tell you sometimes its hard
to tell you how i feel
and dad im gonna tell you I wish
that all our differences werent real.

chorus

I See the older that i get
Im becoming you
Dad i want to tell you
I just wanna take away your pain
