

# Goldfinger, Spokesman

What happened to dignity?  
Did it go away again?  
Just like some worn out trend  
Well I still defend emotions

What happened to honesty?  
I don't see it in the top 10  
I only see it in what has been  
Cause I still defend devotion  
Am I alone?

Chorus  
Dont wanna rest  
I Dont wanna breath  
When I wanna hear about life  
Dont wanna hear a spokesman  
I dont wanna test  
I want to believe  
The God damn singer wrote the song  
Dont wanna hear a spokesman

What happened to integrity  
I dont see it on MTV  
All I see is choreography  
And I'll never be a dancer

What happened to puberty  
Bad skin and insecurity  
And who the fuck is Felicity  
Cause I've got problems of my own  
Am I alone?

Dont wanna rest  
I Dont wanna breath  
When I wanna hear about life  
Dont wanna hear a spokesman  
I dont wanna test  
I want to believe  
The God damn singer wrote the song  
Dont wanna hear a spokesman

Dont wanna rest  
I Dont wanna breath  
When I wanna hear about life  
Dont wanna hear a spokesman  
I dont wanna test  
I want to believe  
The God damn singer wrote the song  
Dont wanna hear a spokesman

Dont wanna rest  
I Dont wanna breath  
When I wanna hear about life  
Dont wanna hear a spokesman!!!
