

# Gomez, Extra Special Guy

Well how do you do?  
Do you like the look of me and you together?

So take me out.  
Spill a little drink on your lap

She said to me so deep inside  
I'm thinkin' that I'm an extra special guy  
Takin' it all with an extra pinch of salt  
My friends seem to think that I'm the one now

You're only teasin' me now.  
I'm not so laid back that I wouldn't try...

Well how do you do?  
Would you like me to mm, mm, mm-mm, mmmmmm....

I'm not suggesting that I want you, but  
I'll take you out,  
Spill a little drink down my back and,

She said to me so deep inside  
I'm thinkin' that I'm an extra special guy  
Takin' it all with an extra pinch of salt  
My friends seem to think that I'm the one now

You're only teasin' me now.  
I'm not so laid back that I wouldn't try...

You're only teasin' me now.  
I'm not so laid back that I wouldn't try...

Too much, too soon.  
Are you made out of stone,  
or are you made out of gold?

I'll be no clearer  
when I'm wrinkled and old,  
when I'm wrinkled and old.

She said to me so deep inside  
I'm thinkin' that I'm an extra special guy  
Takin' it all with an extra pinch of salt  
My friends seem to think that I'm the one now

You're only teasin' me now.  
I'm not so laid back that I wouldn't drive you home.

You're only teasin' me now.  
I'm not so laid back that I wouldn't try...
