

Gomez, Tijuana Lady

Take me down to where you hide
Lay me down, lay me down inside
What use now? Roll back this Pacific Tide
Tijuana lady, where did you go?
Yeah, I been chasing you around all Mejjico
I'm gonna find my way back to San Diego
Baby, where'd you hide?

Take me down to where you hide
Play me around, lay me at your side
Don't delay your smile, 'cause I know you lie
Tijuana lady, let's take it slow
Yeah, well I, I know that I'm no head honcho
Yeah, but I'll, I'll keep you warm in my silky poncho

Where'd you hide?
Where'd you hide?

Tijuana lady, where did you go?
Yeah, well I, I heard you lost your last sombrero
Tijuana lady, which way'd you flow?
El mariachi, desperado

Where'd you hide?
Tell me, where'd you hide?

Enchilada, desperado day
Senorita, come back and meet me again
Upon the vista, seniorita, hey
I love you, so come back here with me again
