## Gomez, We Haven't Turned Around (X-Ray)

We came, we came, we came again
To stem the tide and point the blame
Came back for more
Came back to see what you had in store
Everyone join the line, everyone
Yeah

So you wanna spin the world around? So you wanna spin the world around? And anybody else, cut 'em down So you wanna make catastrophe? Won't you send it right over to me I got some time Everybody running high

The same, the same, the same again To steal the time and haunt the graves Just because it's there Don't mean you see it anywhere Maybe it's a trick of the light Maybe, yeah

So you wanna spin the world around? So you wanna spin the world around? And anybody else, cut 'em down So you wanna make catastrophe? Don't you send it right over to me I got some time Everybody come alive Yeah

So you wanna spin the world around? So you wanna spin the world around? And anybody else, bring 'em down So you wanna make catastrophe? Don't you send it right over to me I got some time Everybody running high

So you wanna spin the world around? So you wanna spin the world around? And anybody else, cut 'em down So you say we haven't turned around? So you say we haven't turned around? Just everybody else is going wrong Going wrong
