

# Gong, Love Is How You Make It

I left my body on my bed  
I flew away inside my head  
To dive right through the moon and find  
A perfect world inside my mind  
I want to take you there  
Smiling through your hair

That is why I sing this song  
And why there is a band called Gong  
Voices in our heads are calling  
Ringing bells and singing tales of  
How this world could be  
If only we could learn to melt together  
Make such lovely weather

Maybe we will blow it like in bygone ages  
Maybe we will make it if we care  
You&#039;ll be there  
We&#039;ll be there - love...

Love is how you live it  
Love is how you give it  
Love is how you make it  
Love is how you take it  
First you make it with your body  
Everything you give to share  
When you come together then you&#039;re  
One with lovers everywhere, everywhere...

Give a little wink, give a little wink  
You know...

You know just who the pot head pixies are  
Have a little drink...
