

# Gong, Rational Anthemn

Yes we are  
we're gonna change the World  
(Haven't any choice... Yeah)  
Yes we are  
we're gonna change the World  
(Say it with yr voice... Yeah)  
Yes we are  
we're gonna change the World  
(Haven't any choice... Yeah)  
Yes we are  
we're gonna change the World

It's too easy  
Just to change your face  
It's too easy  
Just to change your place  
You feel so cool  
Money never gets paid

Sitting up there in your ivory city  
Look so ugly and you feel so pretty  
Tick tock heart clock waiting til the bombs drop  
Too late now

It's the world of vibrations  
(Buzz me again)  
It's the world of illusions  
(Kiss me again)  
It's the world of revolutions  
(Kill me again)  
Stop lookout for the raditation

Yes we are  
we're gonna change the World  
(Haven't any choice... Yeah)  
Yes we are  
we're gonna change the World  
(Say it with yr voice... Yeah)  
Yes we are  
we're gonna change the World  
(Haven't any choice... Yeah)  
Yes we are  
we're gonna change the World

It's too easy  
Just to get riches  
It's too easy  
Never Atlantis  
You feel so cool  
Right never gets paid

It's the world of vibrations  
(Buzz me again)  
It's the world of illusions  
(Kiss me again)  
It's the world of revolutions  
(Kill me again)  
Stop lookout for the raditation

Yes we are  
we're gonna change the World  
(Say it with yr voice... Yeah)  
Yes we are  
we're gonna change the World

(Haven't any choice... Yeah)  
Yes we are  
we're gonna change the World  
(Say it with yr voice... Yeah)  
Yes we are  
we're gonna change the World  
Yes we are  
we're gonna change the World  
Yes we are  
we're gonna change the World  
Yes we are  
we're gonna change the World

Wake up my friend  
We must act now  
We've waited too long  
We've waited too long  
For peace and Love  
For peace and Love  
We've waited too long  
For peace and Love  
We've waited too long  
For peace and Love  
Our brothers' hand  
But I'm happy to say that we have already won  
That we have already won
