

# Good Charlotte, Superman Can't Walk

You call yourself a Lois Lane and you're in pain and I'm insane  
You don't want my help you don't need my help  
I watched you fall down from the sky but I won't cry  
I'll just sigh who is gonna save you  
Yeah I've heard the talk Superman can't walk  
And who is gonna save you when your Superman can't walk  
I saw him just the other day in physical therapy  
Sitting in a wheel chair you know I had to stare  
And all your friends they think I'm sick they think that I'm insensitive  
They don't like the fun I'm poking don't they know I'm only joking yeah  
I've heard the talk Superman can't walk  
And who is gonna save you when your Superman can't walk  
Call me what you will  
I'm Doctor Evil  
Call me what you want  
Superman can't walk  
And all your friends they think I'm sick they think that I'm insensitive  
They don't like the fun I'm poking don't they know I'm only joking  
Yeah I've heard the talk Superman can't walk  
And who is gonna save you when your Superman can't walk
