Good Charlotte, Time After Time (Early Version C

She makes me laugh She'll make me cry And when we talk She wonders why That I can't breathe into this life With the things she says I wanna die All the things we talk about you know they stay on my mind On my mind All the things we laugh about they'll bring us through it everytime After time after time 'cause you're all I wanted to find 'cause you're all I wanted to find And I would drive, the whole night through Just so I could spend it with you I know you're mine, and I hope it's true That when we fight, we will make it through All the things we talk about you know they stay on my mind

On my mind
All the things we laugh about they'll bring us through it everytime
After time after time
'cause you're all I wanted to find
'cause you're all I wanted to find
I'm falling, I'm falling, I'm falling down
I'm falling, I'm falling down
'cause you're all i wanted to find
'cause you're all, yes you're all I wanted
