

# Goon Moon, Feel Like This

I wanna crawl inside your head  
To understand the things that you said  
I wanna live within your walls  
So you can hear me when I call

I wanna feel like this for the rest of my life  
I wanna feel like this for the rest of my life

It goes on (On)  
It goes on (On)  
It goes on (On)  
It goes on (On)

I wanna put on your sexy dress  
Have a drink till I'm a mess  
I wanna stay up through the night  
Take the things that feel so right

I wanna feel like this for the rest of my life  
I wanna feel like this for the rest of my life

I wanna feel like this for the rest of my life  
I wanna feel like this for the rest of my life

It goes on (On)  
It goes on (On)  
It goes on (On)  
It goes on (On)

Keep on crashing girl  
You are my whole world  
I sleep in your curls  
You are my whole

Where we can be  
I wanna know  
Where we can go

I wanna feel like this for the rest of my life  
I wanna feel like this for the rest of my life

It goes on (On)  
It goes on (On)  
It goes on (On)  
It goes on (On)

Keep on crashing girl  
You are my whole world  
I sleep in your curls  
You are my hole
