

# Gordon Downie, Canada Geese

Us middle-aged men just completing  
the finishing touches on a dope deal.  
It's agreed we get a small piece  
in the middle of a cornfield.  
When these Canada geese fly south,  
we'll harvest in the dark.  
We can talk just to ourselves  
or we can talk just to the stars.

Us Canada geese held a meeting  
in the middle of a cornfield.  
It's agreed; we leave in small vees  
and meet up again in the real world.  
Like middle-aged men smoke dope  
and talk just to their cars,  
we can talk just to ourselves  
or we can talk just to the stars.
