

Gordon Lightfoot, Inspiration Lady

She's my inspiration lady, inspiration everywhere.
She's my inspiration lady, she lights candles in the air.
In the warmth of the morning sun, and at night when the day is done,
She's my inspiration lady, my anticipation lady, sees my situation every day.

Seems like every time I see her, she's got something on her mind.
When she tells the age old story of the life she left behind.
In the warmth of the morning light, she will turn and hold me tight.
She's my inspiration lady, soft sad situation lady, sees my situation every day.

Seems like I will always love her, inspiration every day.
And I'd like to think, hey, maybe, I can drive her blues away.
In the warmth of the morning sun, and at night when the day is done,
she's my inspiration lady, she's my kind reaction lady, sees my situation every day.

She's my inspiration lady, my anticipation lady, she's my inspiration all the way.
