

Gorefest, Tangled in Gore

Closed casket service has been asked for
Because her face has been deformed beyond belief
Stash the body down in the basement
And fill the coffin with rocks
Two hours later you are alone
Your perverted mind is taking control
Tip the clothes off the corpse
Make sure your dick is hard

Look at her body, tangled in gore
Touch her vagina, now you want more
Kiss her tits stiff and sm...
And lift her body against the wall

Hang her on hooks so that she won't fall
Screw that cold one is what you want for all
When you are done you make her disappear
Closed casket service is what you want to hear
