

# Gorgasm, Fucking the Viscera

Useless fuck toy to enjoy, lifeless skinless slab of meat  
Vile sadist, core it's anus, around my finger sweet to eat  
Stick my dick in, feel the wrath, eviscerated form of love Splintered bones  
pierce my balls feeling pain from the scars  
Unsuspecting doom erecting, slice it's chest open wide, a meal revealing,  
sick appealing  
Now I piss down deep inside!  
Becoming one with my victims  
Now my secrets stored unseen  
Excrement and genitals lying in the sink  
Stick my dick in, feel the wrath, eviscerated form of love Splintered bones  
pierce my balls feeling pain from the scars Engorge the lungs with my shaft,  
Stab a hole through it's back  
Fucking the viscera!  
Drill a hole through it's head, and fuck it 'til it's dead!  
Frozen cold in agony chopped into tiny pieces  
Genitals cut off and burned melted in the acid  
I won't stop until I am caught  
For-seeing what I have done,  
chopped off heads and rectum ends now become my fun!!!  
Cut off from life, severed and sliced, pull back the head and shit inside  
Keeping them forever, soon will be my pleasure  
On and on with the killing, feeding off the torture  
Torturing unwilling, on and on with killing  
Soon will be my pleasure-keeping them forever!
