

# Gorillaz, Latin Simone (English Version)

Get up  
If you wanna survive  
Get oh so alive  
In your life everything  
Falling out the sky on top of you  
Now what you do

Set yourself up now  
It's the love of your life  
Shed a lead on me  
All I know before it's gone  
I always feel it's getting me down  
When nothings wrong

What's the matter with me?  
What's the matter with me, me, me

Give up  
If you wanna survive  
Pick the sun back up  
You got to get on the song, lowly  
What's the point  
It's funny till your left to kill yourself  
In this town

So what's the matter with me?  
What's the matter with me  
What's the matter with me  
What's the matter with me, me, me
