

Gorillaz, Momentary Bliss (ft. slowthai & Slaves)

Momentary bliss

we could do so much better than this
emotionally in fences and momentary bliss
we could do so much better than this
oh, rita, og rita

rita, rita maid
rita, rita maid

your potential
you lack-credentials
and you are special
so fucking special
oh how we need it
oh how you're needed it
and you keep squeezing the truth from the middle
you parted seas
but your aches
they ain't golden
