

# Gorillaz, Small Time Shot Away

Tucked It In  
Dropped A Lie  
Turn Me Off  
(I Travel, I Travel)  
We Never Leave Each Other 'Cause We Leave Each Other So Cold  
It Makes A Madder Way

The Easy Part Is Taking Yourself In  
It's Wartime Every Time  
A Shot Away

Wipe The Smile From Your Face  
It's Getting In The Way  
It's Wartime Every Time  
She Caught Me On A Lie And She Turned Me Off  
She Made It Cold  
You Couldn't Do It If You Wanted To  
(Believe Me, Believe Me)

It's Wartime Every Time  
Small Talk Every Time  
It's My Favourite Chloroform  
It's Pillow Talk Every Time  
Get It Out The Way  
Friction War  
Shot Away

Ricochet  
We're Like Identical Twins  
Sucking On The Same Teat  
Spitting Out The Same Things  
(I Travel Far, I Travel Far)

It's Wartime Every Time  
Small Talk Every Time  
It's My Favourite Chloroform  
It's Pillow Talk Every Time  
Getting Out The Way  
Friction War  
Ricochet

Line 'Em Up And Knock 'Em Down  
A Shot Away  
A Shot Away  
A Shot Away  
A Shot Away
