

Gorillaz, Tarantula

I think the sadness has come again
Green velvet in a passing den
No bloodiness, no gold earring
Right outside for you

Nothing will be bad for me then too
I just want to put my arms 'round you
And whisper
I'm on one percent but I'm there with you

I know I fantasise
Although I don't even mind
If you're good for me
Then I'm good for you
And that's all I need
In my life

Through polymer dunes I dance tonight
With you frozen under mirrored lights
No ways out, only ways in
To my heart
As the calling seems to grow again
It's a problem that I can't remend
Always with you
Always

I know I fantasise
Although I don't even mind
If you're good for me
Then I'm good for you
And that's all I need
In my life

Time's run out In my life
Nowhere real In my life
In the hills In my life
What I feel On my own, on my own, on my own
On my own
Even Time run out
I need you

Only ways in to my heart
Need you, I need you, I need you, I need you

If you're good for me
Then I'm good for you
And that's all I need
In my life

I know I fantasise
Although I don't even mind
If you're good for me
Then I'm good for you
And that's all I need
In my life

Time's run out In my life Need you
Nowhere real In my life
In the hills In my life
Is what I feel In my life, in my life, in my life, in my life
Need you, I need you, I need you, I need you
On my own
Time run out If you're good for me, then I'm good for you
I need you And that's all I need in my life
