Gorillaz, The Apprentice

You can be mad at me
Tell me I was born quit
I was checking, gold
Or you could just freak with me
Said it again
Let the numbers roll
I hear that about you, baby
It's back when the city's cold
Cold /3x
Don't ever look at me like that
It's just in the daylight, no /2x

I am a mirror
I am a broken screen
I am a mad routine
That's just pattern oud
And I am over it
Cold /3x
I am a mirror
I am a distant voice
I am inside your head
And you don't know me
And I am over it
Cold /3x

Why are you mad at me?
Tell me I was born quit
I was checking, gold
You should just
Freak with me /2x
And let ythe numbers roll
I am here by the fire
I am waiting
Back where the city's cold
Cold /3x
Don't ever look at me like that
It's just in the days I've known /2x

I am a mirror
I am a broken screen
I am a mad routine
That's just pattern oud
And I am over it
Cold /3x
I am a mirror
I am a distant voice
I am inside your head
And you don't know me
And I am over it
Cold /3x
