

Gospel Of The Horns, Powers Of Darkness

Your fear can no longer hide
Feel the wrath
Of darkness tonight
Angels of death arise
The eternal powers
Of darkness unite
The powers of darkness unite us
The powers of darkness unite us as one
Power, darkness unite us
The powers of darkness unite us as one

POWER.. the power to be invincible
POWER.. to stand alone in a crowd
POWER.. it's everlasting, forever damning
POWER.. the power to be invincible

Our battle hymn will roar as thunder
Full of mixed emotions and pride
Like soldiers
Dug into their trenches
Prepared for relentless war
