

# Gospel, Until The Day I Found Him

I wanted things to hold,  
Made of silver and gold.  
I didn't watch my health,  
As I was chasing wealth.

Many things passed by me,  
There's so much I didn't see.  
My life was looking dim,  
Until the day I found him.

Chorus:

I had never been a winner,  
Until the day I found him.  
I had so many blessings,  
But I never counted them.  
I had eyes with which to see,  
I had a mind that could think.  
But both of them were blurred,  
By the things I used to drink.

My life was threw away,  
I lived from day to day.  
I didn't help anyone,  
Till I saw what I had done.

When I felt his arms of love,  
I prayed to him above.  
I said, "Please forgive my sins",  
&"I will change what I've been".

Chorus:

I had never been a winner,  
Until the day I found him.  
I had so many blessings,  
But I never counted them.  
I had eyes with which to see,  
I had a mind that could think.  
But both of them were blurred,  
By the things I used to drink.
