

Gossip, Crazy Again

Situations occur when romance is a blur, it happens all the time
Send me a savior
So spare me the words that I've already heard over a thousand times
Did I fall out of favor?

'Cause you know what I'm like
'Cause you know what I'm like

And I might go crazy
Crazy over you
And I might go crazy
Crazy over you
Again

Obligation is such that it ruins the crush, it happens all the time
Send me an angel

'Cause you know what I'm like
'Cause you know what I'm like

And I might go crazy (Ooh)
Crazy over you
And I might go crazy (Ooh)
Crazy over you
Again
Again

Don't invite me home
I'm fragile at the moment
Heart of glass
I'd rather be alone
Then spend nights awake wonderin'
Lookin' back

'Cause you know what I'm like
'Cause you know what I'm like

And I might go crazy
Crazy over you
And I might go crazy
Crazy over you
Again

Again (Ooh)
Again (Ooh)
Again (Ooh)
