

Gossip, Jason's Basement

Well I get by with the people I know
Get by with the people I know
And it seems like everywhere I go
Yeah everywhere I go
Well some do it
Some they don't
And some I guess just won't
So I get by with the people I know
Get by with the people I know
Won't you hang around and dance with me
No inhibitions hon come dance with me
No inhibitions
Come dance
With me
