

Gotthard, Ride On

Hunger, in the saddle again
I just can't say no
Thunder, the call of the wild
That's when I got to go

Never got enough always back for more
I'm on top of the world, I'm alive
I hear the motor rumble
N' running overdrive

Into the night
Know I gonna find
Where is the road
For the peace of mind
It's a neverending ride
On the wings of destiny
Don't know 'bout tomorrow
Or what will be

All I want is
Ride on, ride on
Under one big sky
Ride on, ride on
'Till the day I die

Devil, gotta wait for me
I'm down on "O1"
This happens to be my number
My life has just begun

Never got enough
Always back for more
I'm on top of the world, I'm alive
I got my moto burning
N' running overdrive

Into the night
Know I gonna find
Where is the road
For the peace of mind
It's a neverending ride
On the wings of destiny
Don't know 'bout tomorrow
Or what will be

All I want is
Ride on, ride on
Under one big sky
Ride on, ride on
'Till the day I die
