

Gotthard, Ride On

Hunger, in the saddle again
I just can't say no
Thunder, the call of the wild
That's when I got to go

Never got enough always back for more
I'm on top of the world, I'm alive
I hear the motor rumble
N' running overdrive

Into the night
Know I gonna find
Where is the road
For the peace of mind
It's a neverending ride
On the wings of destiny
Don't know 'bout tomorrow
Or what will be

All I want is
Ride on, ride on
Under one big sky
Ride on, ride on
'Till the day I die

Devil, gotta wait for me
I'm down on "O";
This happens to be my number
My life has just begun

Never got enough
Always back for more
I'm on top of the world, I'm alive
I got my moto burning
N' running overdrive

Into the night
Know I gonna find
Where is the road
For the peace of mind
It's a neverending ride
On the wings of destiny
Don't know 'bout tomorrow
Or what will be

All I want is
Ride on, ride on
Under one big sky
Ride on, ride on
'Till the day I die
