

# Gotthard, What Can I Do

In my thoughts, you're there as ever  
In my dreams, we stay together  
See your face in every place I go

And here I stand, the great pretender  
Borrowed times, I do remember  
I need you more than you will ever know

I do complain  
To live without your love's to live In vain  
What can I do to make you love me  
What can I say to make you smile  
Won't you gimme that sign I'm waiting after  
Don't turn away don't turn away  
How will I know this is the right time  
How will I feel this is the right place  
I'm walking on fire forever, after  
So what do ya say what do ya say  
Tell me what do ya say

I'll be the one for you to lean on  
Fill your mind with things to dream on  
One step away to catch you when you fall

You and I, today, tomorrow  
Trust your heart and what will follow  
Feel the love I'm dying to give to you

I do complain  
To live without your love's to live in vain  
What can I do to make you love me  
What can I say to make you smile  
Won't you gimme that sign I'm waiting after  
Don't turn away don't turn away  
How will I know this is the right time  
How will I feel this is the right place  
I'm walking on fire forever, after  
So what do ya say what do ya say  
Tell me what do ya say

What will it take to make things right  
What can I do to change your mind  
Gotta find a way to get to you
