

Grace Jones, Love Bites

"do you know what a vampire is? "
Whoa! love bites, love bites,
Love bites, love bites,
Love bites, love bites.

Come live forever with me, or transpire,
A flame alone, on a funeral pire,
We'll build an empire, if we so desire,
Travel the world, and set it on fire!

Bite me babe, set my soul on fire!
Bite me babe, set my soul on fire!

Come taste my love baby,
Blood makes me hard to resist,
My soul burns like fire,
Kiss my hungry lips vampire!

Love bites, love bites,
Love bites, love bites,
Love bites, love bites.

Blood turns cold for mortals who wait,
Your coil's unwinding, now choose you fate,
A flame alone on a funeral pire,
Or eternal life as my vampire!!

Bite me babe, set my soul on fire!
Bite me babe, set my soul on fire!

Come taste my love baby,
Blood makes me hard to resist,
My sould burns like fire,
Kiss my hungry lips vampire!

Love bites, love bites,
Love bites, love bites, (loves bites!),
Love bites, love bites, (my vampire).

Deep into the, deep into the, deep into the, night!
Deep into the, deep into the, deep into the, night! (love bites),
Deep into the, deep into the, deep into the, night!
Deep into the, deep into the, deep into the, night! (love bites).

(demonic laughing!).

Blood turns cold for mortals who wait,
Your coil's unwinding, now choose you fate.

Love bites, love bites,
Love bites, love bites, (loves bites!),
Love bites, love bites, (my vampire),
Deep into the, deep into the, deep into the, night!
(...repeat & fade...).
