

# Grace Potter and the Nocturnals, Apologies

Yesterday he said my eyes  
Were fading fast away  
I said well what do you expect  
You asked me not to stay and if it had all been for the best  
I wouldn't feel this way  
And he said

Oh he said it's crazy  
How love stays with me  
You know it hurts me  
Cause I don't wanna fight this war  
It's amazing to see me reading through this scene  
Of love and fear and apologies

My love is like a blanket  
That gets a little bit too warm sometimes  
I wanna wrap somebody in it  
Who can hold me in his arms  
Cause when it got a little too hot in there  
He was always stepping out for air and he froze  
Oh he froze

He said it's crazy  
How love stays with me  
You know it hurts me  
Cause I don't wanna fight this war  
It's amazing to see me reading through this scene  
Of love and fear and apologies

Yesterday he looked at me  
With a tear in his eye and said  
I'll always tell you you're my friend  
I hope i don't have to lie  
Cause it's clear you love another man  
I said you're damn right

And he said  
He said it's crazy  
How love stays with me  
You know it hurts me  
Cause I don't wanna fight this war  
It's amazing to see me reading through this scene  
Of love and fear and apologies  
He said it's crazy  
How love stays with me  
You know it hurts me  
That i didn't figure it out before  
And now it's too late for a soliloquy  
It's way too late for dignity  
It's time for apologies
