

# Graham Nash, Earth & Sky

Earth & Sky (3:34)

words & music by Graham Nash

Late last night, did I dream?  
Over the hill and far away,  
they wanted to live in pleasure.  
They wanted to live above  
the plains, holier than thou,  
banking on a cloud, never  
coming down to earth and sky.  
Did I dream, so late at night?  
I saw dinosaurs and sabre tooth  
gambling with the treasure.  
Nobody home to tell the truth.  
Holier than thou, banking on  
a cloud, never coming down  
to earth and sky. Down to earth  
and sky. I awake. I awake  
I think I'm safe in my room.  
All my fading dreams just  
take a bow, they're bending before  
the future, holier than thou.  
Banking on a cloud, never  
coming down to earth and sky.  
Earth and sky. Earth and sky.  
Earth and sky.
