

Graham Nash, Earth & Sky

Earth & Sky (3:34)
words & music by Graham Nash

Late last night, did I dream?
Over the hill and far away,
they wanted to live in pleasure.
They wanted to live above
the plains, holier than thou,
banking on a cloud, never
coming down to earth and sky.
Did I dream, so late at night?
I saw dinosaurs and sabre tooth
gambling with the treasure.
Nobody home to tell the truth.
Holier than thou, banking on
a cloud, never coming down
to earth and sky. Down to earth
and sky. I awake. I awake
I think I'm safe in my room.
All my fading dreams just
take a bow, they're bending before
the future, holier than thou.
Banking on a cloud, never
coming down to earth and sky.
Earth and sky. Earth and sky.
Earth and sky.
