

# Graham Parker, Tear Your Playhouse Down

You think youve got it all set up,  
You think youve got a perfect plan  
But charm any man you see,  
And play with everything one that you can  
But Ive got news for you baby,  
I hope it dont hit you too hard  
One of these days when youre at play,  
Im gonna catch you off guard

## Chorus

Im gonna tear your playhouse down, pretty soon  
Im gonna tear your playhouse down, room by room

You think love is just fun and games, trying to be a playgirl  
All you do is run around, run around, putting hearts all in a whirl  
You been playing my heart to every daddy around  
What you gonna say when you look up one day and see your playhouse tumblin down
