

# Grand Belial's Key, Sumerian Fairytale

[Music: Gelal / Lyrics: Satanic Hordes, The Black Lourde of Crucifixion]

Beckon the burning sands of the universe  
The ancient ones ruled before time itself  
Commanding the winds, fire, waters and earth  
Until they were challenged by the god Marduk

Blessed Tiamat release this bind  
Thou mustn't prevent a kingdom in Hell!  
Lower magicians, gather fast thy might!

Hordes of Azazel and Azagthoth  
Stir the sick waters of the bay of souls  
Invoke the darkness and spirit mayhem!

Lourdes of the underworld  
Raise furious upheaval  
Attack the prince of the heavens  
And cast his corpse into black abyss!  
Father mictian admit our sons  
Into this precious land  
For they gave us life and gave us food  
And so a throne comes from our doom  
Reap some magick: Call forth the ghouls!
