

# Grand Theft Audio, We Luv You

We're punked up, funk'd up dead from the neck up  
We hijacked the dex, the world is gonna be next  
We wanna wreck the town with the Infidel rokkit  
We love that you love us and you know it

WE LUV U.

No brakes but you know we got a radio  
You gotta move when we're rockin' on your stereo  
We wanna hit the town with the Infidel rokkit  
We love that you love us and you know it

WE LUV U.
