

Grandaddy, Florida

Good afternoon from the bar in the mall
They sent me home from work today
But nobody told me where else to go

My boss was alright at first
But then he said that I fall behind
I like doing things my own way
And I don't take no shit from anyone

Florida
Florida
My ex-girlfriend's a model in florida
Florida
Florida
I got lots of friends in florida

Well, I got pride and it doesn't hide now
I could live at the river, fuck you
My ex-girlfriend's a model in florida
She wants me back but I don't take no shit

It's later on, once again at the bar
I picked this bad company song
And I can play it pretty good on the guitar

I feel like makin' love

Looks like I missed the god-dam bus
Do you think that I could get a ride?
I like doing things my own way
And I don't take no shit from anyone

Florida
Florida
My ex-girlfriend's a model in florida
Florida
Florida
They got lots to drink in Florida

Well, I got pride and it doesn't hide now
I could live at the river, fuck you
My ex-girlfriend's a model in florida
She wants me back but I don't take no shit

Take no shit
