

Granddaddy, This Is How It Always Starts

This is how it always starts
All order falls apart
Okay, so who put this key in the mix?

Things were stable yesterday
But now they're blown away
Oh shit, I can't let them see me like this

Nothing sweet
Nothing nice
Nothing kiss, only fights

Nothing clear
Nothing bright
Nothing I'll feel tonight

Nothing great
Nothing good
Nothing is as it should

Nothing rad
Nothing right
Nothing I'll feel tonight

This is how it always starts
Dumb choices from the heart
Oh shit, I can't let them see me like this

Nothing sweet
Nothing nice
Nothing kiss, only fights

Nothing clear
Nothing bright
Nothing I'll feel tonight

Nothing great
Nothing good
Nothing is as it should

Nothing rad
Nothing right
Nothing I'll feel tonight
