

Grant Hart, 2541

Jimmy gave us the number
and Gerry gave us a place to stay
and Billy got a hold of a van
and man we moved in the very next day

to twenty-five forty-one
big windows to let in the sun
twenty-five forty-one

Billy put down the money
and I picked up the keys
we had to keep the stove on all night long
so the mice wouldn't freeze

you put our names on the mailbox
and I put everything else in the past
it was the first place we had to ourselves
I didn't know it would be the last

twenty-five forty-one
big windows to let in the sun
twenty-five forty-one

now everything is over
everything is done
everything's in boxes
at twenty-five forty-one

well things are so much different now
I'd say the situation's reversed
and it'll probably not be the last time
I'll have to be out by the first

twenty-five forty-one
big windows to let in the sun
(repeat)
