

Grave Digger, Love Is Breaking My Heart

Shadows on the wall
Cold as ice
Snd you break my heart
Too many times

I don't wanna lose you
You passing by
I can't live without you
In the night

I just can't forget you
But love still the done
No will tomorrow
When you go

Love is breaking my heart

Running sips so strange
Selled to the gone
You left my feelings
For behind

Alone in my deep dreams
Deep in my mind
I feel your poison
Makes me blind
