

Grave Digger, Playin' Fools

No call tomorrow
In a neverland
My teeth around you never know

Coming to unloaded
Time are never heel
Brain are lost you suck you never know

Playin' fools
Now it's time to die
Day are come to die
Play are on the rock
Don't turn around

Play on the jungles
Dirty you have now
Reading comes darkness remember well

Clouding the hammer
Life song in you
What I doing turning around
